(Emergency Response Meteorologist)

National Weather Service
Tampa Bay Area
2525 14th Ave SE
Ruskin, FL 33570
(813) 645-2323

Introduction

Serves as an Emergency Response Meteorologist and provides Impact-based Decision Support Services (IDSS) to core partners.

Provides key decision makers with information needed to make critical decisions for the protection of life and property from the community to the regional level.

Supports collaboration with a diverse set of customers and partners, as well as other NOAA Line Offices and serve on a team to develop initiatives for environmental and ecosystem decision support activities and services.

Assists in evaluating the operations of the Team and develop plans for improvements.

Serves as a point of contact for high impact weather and water events and an interface between the local office and stakeholders; and communicates technical information in a clear and concise manner to non-technical customers.
