High Waves / Dangerous Currents Friday

- High wave action and dangerous swimming conditions
- 4-7 foot waves at beaches from Grand Haven to Manistee
- 3-5 foot waves at beaches from South Haven to Grand Haven
- Strong structural and long shore currents expected; rip currents also possible
- Lasting from daybreak Friday through midnight Friday night

Swim Hazard Risk Level

Low Risk

A low risk of swimming hazards imply that large waves and strong currents are not expected along the shore.

Moderate Risk

A moderate risk of swimming hazards imply that large waves and strong currents are likely along the shore. Only experienced swimmers should consider entering the water.

High Risk

A high risk of swimming hazards imply dangerous waves and currents are expected along the shore. Swimming conditions may be life threatening to anyone entering the water.
