

## **Mission Statements for Atlanta IWT Action Teams**

### **Product and Service Reinvention - The Dreamers**

To reinvent the hazardous weather warning system, in whole or in parts, to ensure complete and effective response

### **Product and Service Remodel - The Hammers**

To improve the effectiveness of the existing warning system.

### **Regulations and Guidelines - The Activists**

To influence changes in laws, regulations and policies that will improve the hazardous weather warning system and public response

### **Communication - The Wires**

To improve the communication of hazardous weather information between IWT members and those we serve.

### **Preparedness - The Prophets**

To improve the hazardous weather awareness, preparation and response of those we serve.
