## **WFO Miami and National Hurricane Center Team Up To Feed Families**

The National Weather Service Miami Weather Forecast Office (WFO) and National Hurricane Center (NHC) recently collected nearly 140 pounds of food supplies for the 2009 South Florida Federal Executive Board's "Feds Feed Families" campaign. The generous staff at the WFO and NHC collected the food over a period of just over one month. On Friday, August 28<sup>th</sup>, the last of two deliveries containing the donated supplies was dropped off at Curly's House in the Liberty-Model City section of Miami.

"Thank You" to everyone that so generally donated the food!
