Grant Opportunities

River, Rain and Hydrologic
Warning Systems Workshop
November 5, 2009
La Crosse, WI

Mitigation

- Reduce or eliminate future damages
- Protect homes and families
- Identify risk areas
- Educate communities

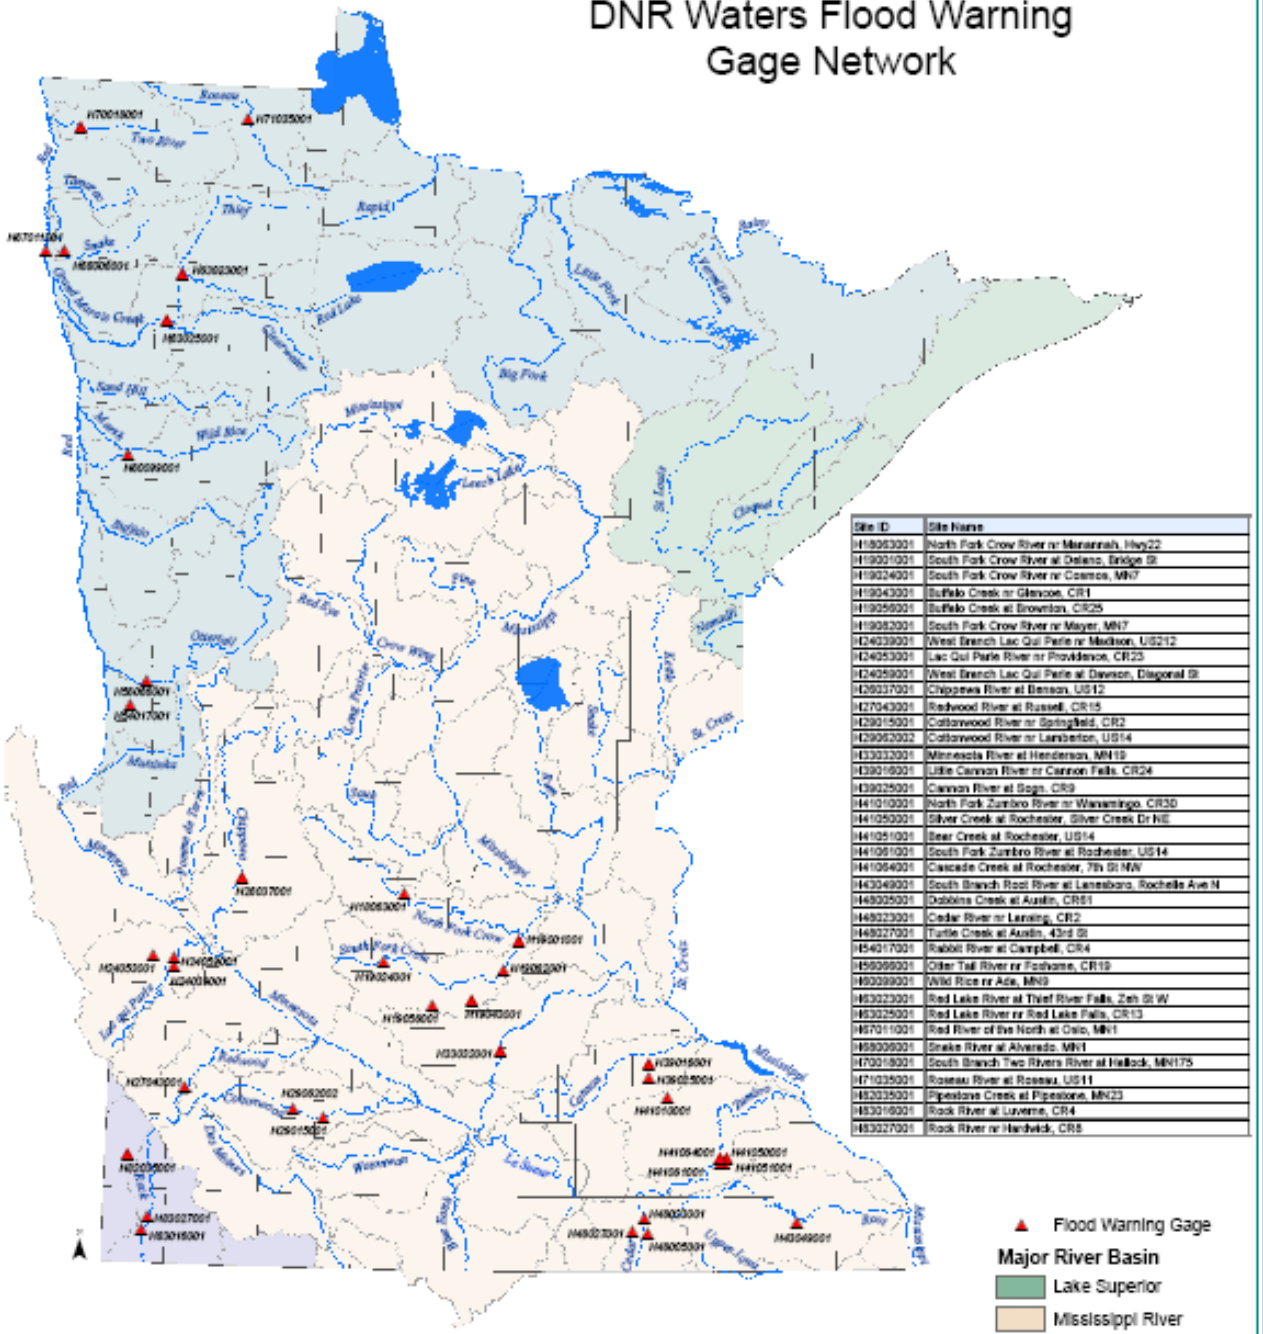
Grant Possibilities

- Identify projects
- Set priorities
- Identify funding sources
- Apply

Application

- Project description
- Goals and objectives
- Budget and justification
- Cost-effectiveness

DNR Waters Flood Warning Gage Network



Site ID	Site Name
H19063001	North Fork Crow River nr Menahnah, Hwy22

*Adjoining County's Roads and Boundaries are displayed in light grey for reference.

This map was compiled from various sources and at varying levels of accuracy. This map is intended to provide a record document using the Rural Addressing of Winona County. This map was produced from the best data available at the time of production. Winona County does not warranty the information contained herein. No warranty expressed or implied is offered. Most data were produced and comply with 1:24,000 map accuracy standards. The actual centerline data was collected specifically for Winona County and has an accuracy of +- 1 meter. If any omissions or errors are observed please report them to the Winona County Planning Office (507) 457-6325.

Winona County Planning (c) 2007

WINONA COUNTY ADDRESSING SYSTEM

GREEN Signs – Mark ROADS or DRIVES and are public property
RED Signs – Mark LANES and are private property
ROADS – Run primarily North-South
DRIVES – Run primarily East-West
LANES – There are private driveways with 3 or more houses serviced by them
ODD Numbers – On South or West sides of the roads or drives
EVEN Numbers – On the North or East sides of the roads or drives
* Some exceptions exist

HOUSE NUMBERS - Are assigned using a grid that starts at the NW corner of Whitewater Township. The numbers start at 10,000-10,000 and increase as you move South and East across the County. There are potentially 1,000 addresses along any single road within a Section.

To quickly locate the address you are looking for:
There are a series of Red numbers representing address ranges along the North, South, East and West sides of the map. The numbers along the North and South edges will locate you along the East-West running DRIVES. The numbers along the East and West edges will locate you along the North-South running ROADS.
